About Australian Rare Earths Limited

Australian Rare Earths (AR3) is committed to the timely exploration and development of its 100% owned, flagship Koppamurra Project, located in South Australia and Victoria. Koppamurra is a prospective ionic clay hosted rare earth element (REE) deposit; uniquely rich in the REEs required in the manufacture of rare earth permanent magnets which are essential components in energy efficient motors.

The Company is focused on executing a growth strategy that will ensure AR3 is in a position to become an independent and sustainable source of HREEs, playing a pivotal role in the global transition to renewable sources of energy such as wind power and in decarbonising the world's energy landscape, through the adoption of electric vehicle transportation.
